

*The **Namibian Uranium Institute** cordially invites you to the following training course:*

Radiation Safety Officer's Course - Part II

Presenters: Dr. Gunhild von Oertzen and Dr. Detlof von Oertzen

This 4-day course is the second part of our Radiation Safety Officer training program.

The course addresses gamma, radon and dust monitoring, urine bioassaying, and introduces exposure dose calculations, while also providing an introduction to a number of contemporary radiation measuring instruments.

The course builds on and will deepen the knowledge of the first part of the Radiation Safety Officer's course, and is essential for persons wishing to pursue a career in Radiation Protection and Radiation Safety Management in Namibia.

Tuesday to Friday, 24th – 27th July 2018, 08h00 – 17h00

Training Centre at the Namibian Uranium Institute

- Costs for the course: N\$ 9 400.00 incl. VAT (minimum of 5 candidates)
- Please visit our website at www.namibianuranium.org for more information
- Pre-booking is essential
- Refreshments and Lunch will be served
