PRESS RELEASE

Grade 5 MYO students benefit from Reptile Mineral Resources and Exploration scholarship

Reptile Mineral Resources and Exploration (Pty) Ltd (RMR) secured scholarships for four students at Mondesa Youth Opportunities (MYO) for the 2021 school year. RMR firmly believes in fostering early childhood development through educational support.

MYO operates entirely on donations for the past 17 years. Students from underprivileged schools in the Erongo region who show ability and promise benefit from an intensive after-school education program to reach higher education opportunities.

Dr Katrin Kärner, Exploration Manager, confirms RMR's commitment towards educational support. "We are pleased to support MYO to help young learners in several fields of academic education, sport development, leadership skills and to be good citizens of the future, especially during these challenging times. This scholarship will uplift the beneficiaries to realize their full academic potential."

The donation will cover fees for four students from Grade 5 in 2021. "We have nine teaching and management staff who are trained and dedicated to providing the quality education that these students need to succeed in their academics, plus all the necessary classrooms and facilities," according to Mr Neels Strijdom, Manager at MYO.

Smiling faces at the handover of scholarships to cover daily lunches, lessons in English, Mathematics, reading, computer signs, life skills, music, sport and transport for 2021. Seen from left is Martin Hirsch (Manager Resources and Pre-Development RMR) and Grade 5 students Victoria Bikeur, Helena Konjeni and Ruusa Ugwanga with Fulvia Maketo (Lifeskills teacher) and Neels Strijdom (Manager MYO). At the back is Sugnet Smit (Public Relations RMR).

End.
