

The **Namibian Uranium Institute** in association with **Mignon van der Westhuizen** has the pleasure to cordially invite you to attend the following workshop:

Spirometry Full Course 2023

Presenter: Mignon van der Westhuizen

The comprehensive 3 day spirometry course is designed for those health professionals who conduct spirometry tests in the occupational and medical setting. The course is appropriate for those with no experience in spirometry as well as for experienced spirometry operators. The outcome of this course is to generate acceptable and repeatable spirograms according to the ATS/ERS 2005 and SANS451:2008 guidelines and ATS/ERS 2019 Standardization of Spirometry Update.

It will equip the attendees with the background knowledge and skills to prepare for a spirometry test, to facilitate it, to handle pitfalls in the testing process and to assess the quality of the data collected.

The course will be accredited by the HPCNA for CPD points. Successful candidates will receive a certificate.

Wednesday to Friday, 8th – 10th March 2023, 08h00 – 16h00

Training Centre at the Namibian Uranium Institute

- **Costs for the course: N\$ 5 520.00 incl. VAT** (Price is subject to change depending on flight costs)
